GUEST LECTURER – Dr Elie Alam

Dr Elie Alam graduated from the University of Sydney with a Bachelor of Dental Surgery in 1995. He has attained a high level of excellence in all aspects of dentistry, however his major focus has been cosmetic and implants dentistry. Dr Alam took up the practice of implant dentistry in 1998 and has been restoring and placing implants ever since. He has a vast experience in implant placements and grafting, sinus lifting and soft tissue manipulation and augmentation. Dr Alam has studied and attended conferences both domestically and internationally and is always up to date with the latest techniques and advancements in implant and cosmetic dentistry. Dr Alam is a member of multiple Associations and groups. He is humble and approachable and is very enthusiastic about passing his knowledge and expertise to fellow practitioners and is always willing to provide help.
